## COCKTAIL KIT

### Our Cocktail Kit

#### Juniper Berries

Juniper berries are used as the base for the distillation of gin, recommended to flavor gin and thus enhance the flavor of the spirit. It is mainly used to garnish the cocktail or to perfume the mix.

#### Pink pepper

Small fruit with a spherical bone, bright red in color. A single seed gives a sweet, mild and very aromatic flavor.

## COCKTAIL KIT

### Our Cocktail Kit

#### Rose Bud

They bring their unmistakable fragrance to our glasses and a very showy, elegant and aromatic decorative touch. They can be used infused, although their main function is ornamental, to finish off the glass as decoration. Pairs perfectly with floral gins.

#### Butterfly Pea flower

Butterfly pea flower extract is a natural ingredient used primarily for its color.

## How to prepare your Gin & Tonic

### Ingredients

60 ML GIN  
200 ML Tonic water  
Plenty of ice  
Lemon, cucumber, grapefruit,  
berries or desired fruit

Mix directly in glassware

### Glassware

Collins or Balloon

First select your favorite GIN for this special occasion, then choose one of the garnishes included in this box, mix it and decorate with your favorite fruits, herbs and/ or spices to create a magic GIN experience, and enjoy!

Our advice is to always keep in mind the ingredients of your selection of GIN when adding the different garnishes.
